

DIGITAL ART AND DESIGN

Department

Design surrounds us. Someone designed the room you are in, the chair you sit on, the screen you look at, the device you use, the game you play, the movie you stream, and the app you use. Join other Creatives and learn principles of art along with traditional skills and current technologies in the field of Digital Art & Design.

Occupations

Digital artists and designers shape the world around them. They work in user experience, marketing, animation, advertising, and in all fields of the design world – including data and information design, game design, graphic design, product design, packaging design, industrial design, transportation design, entertainment design, and environmental design.

- 2D and 3D animators
- Art directors
- User experience specialists
- Graphic designers
- Game designers
